

SIMMONS SILVER KINGS

*Lowest
service
cost of all..*

HYDRAULIC JACKS

● Performance records of the world's largest fleet operators prove that Simmons Silver King Hydraulic Jacks cost far less for maintenance. One operator with 225 Silver Kings spent only \$5.00 for service in two years. You can expect equivalent service . . . Inspection of Silver King construction will convince you that here is a Jack which will outperform all others. One piece leak-proof body—pyramid construction—30% less working parts—greater lift from given starting height—ample reserve strength and power . . . Write now, for the new Silver King catalog. It is your guide to trouble-free low cost Jack equipment.

There is a specially designed Silver King for every lifting need from 1½ to 30 ton capacities
